Subject Activity Report Week Ending 11/1/87

F. ACTIVITY REPORT

1. Administered flu shots to all employees who wanted them.
- 10/87 (2) Stoneway aggregate truck collided with employees car at plant gate. Stoneway will repair damage at their shop.
- 10/87 (3) Released five railcars per day of Type I from Montana City.
4. Received 115' radial stacker for silica load out. Sign lease/purchase agreement.
5. Finished disposing of contaminated cement unloaded on 5/10/87 at West Terminal.
6. Lehigh's Mr. Gray inquired about using a silo for Lumnite cement. Told him this was not possible.
7. Manson quoted \$10K for Dolphin replacement. Mystic Marine advised of this estimate. They said they would not pay. Claim 13 Pile Dolphin was rotten.
- 10/87 (8) Superior Quarry progress at standstill, area closed due to fire danger. County executive signed approval for unclassified use.
APRIL SILO 21 WAS CLEANED OUT.
- 10/87 (9) Completed 4000 ton cement transfer from Ideal. They declined to ship any more for November's account until 11/2/87.
10. L'Etoile delivered 5000 tons Type II clinker. Unloading delayed due to belt problems and aggregate barge interference. \$1300 demurrage charge expected. Next type two barge subject to further cancellations. Delivery indefinite.
- 10/87 (11) City of Seattle agreed with our attorney. No shoreline permit will be required for plant demolition.
